

Nortel Networks i2004 IP Back Cover Replacement

Use this guide to take off the back cover of the phone.

Written By: Elizabeth

TOOLS:

- [Phillips #2 Screwdriver](#) (1)
-

Step 1 — Back Cover

- Flip the phone over to view the back.
- Remove the power and phone cords.

Step 2

- Remove the seven 8mm Phillips #2 screws.

Step 3

- ⚠ Lift up the back cover slowly because there are still wires attached to the circuit board.
- ℹ Lifting the back cover should not require a lot of force; simply lift with your fingertips.

Step 4

- Disconnect the rubber piece by pulling it out of the slot, freeing the back cover completely.

Step 5

- Remove the six 8mm Phillips #2 screws.
- Pull the speaker phone cover straight up.

To reassemble your device, follow these instructions in reverse order.
